

Dear Members,

Recently an email went out that appeared to come from the IGDA. The From address read: "[Concerned Members of the IGDA@IGDA.org](mailto:Concerned_Members_of_the_IGDA@IGDA.org)." That email address was spoofed, and the communication was not an official IGDA communication. We are currently reviewing the methods by which it was sent to see if this was sent out by people ignorant of proper use of the IGDA website, or if there were malicious actions involved. We are also reviewing the method by which your email addresses was obtained and if that was done ethically or not. It is my hope that this was done by someone simply overzealous about their cause, and not for more destructive reasons.

Please be aware the IGDA was not responsible for this email, and does not have anything to do with the content or the links provided. You should read and use such links at your own risk.

We will investigate this issue and provide you with information on our findings as they are confirmed.

Thank you,
Joshua Caulfield
Executive Director
IGDA
